Rose Andom TBI and Domestic Violence

Nimi Oduleye, Tracie Abbott, Liz Ahlers

IMPACT, KD Concussion Study

Sara Mason, Dani Hamilton, Nimi Oduleye

Dear Team Members,

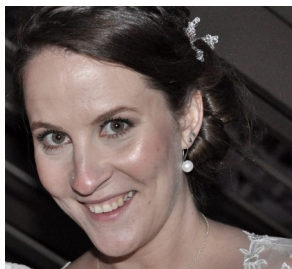

We've created a newsletter in order to keep the team connected and aware of all of our accomplishments. It has been a great quarter with all of you. Thank you for all of your hard work and dedication. Have a great holiday season!

Sincerely,

Kim Gorgens

SPOTLIGHT ON: Liz Ahlers

This past quarter Liz has been working on getting the education side of the grant in order. She is in the process of manualizing our protocols and has been keeping everyone organized and on task. In addition, she has been editing the data dictionary in RedCap in order to make things easier for coders. Finally, she has been researching articles about TBI with PTSD in order to begin work on her doc paper using our data to examine the neuropsychological effects of TBI and PTSD vs TBI alone. Thank you Liz for all of your hard work this quarter!

CONFERENCE OPPORTUNITIES

- ⇒ Front Range Neuroscience Group Meeting *December 7, 2016*
- ⇒ National Council of Schools and Programs of Professional Psychology *January 16-20, 2017*
- ⇒ World Congress on Brain Injury *March 29-April 1, 2017*

ANNOUNCEMENTS

DoD grant was just submitted

Deadline for the Brain injury program grant with Rose Andom is coming up December 15

HELP WANTED

We urgently need some volunteers to code data on the concussion biomarker study. The data dictionary is being built currently and once that's done, we will have tons of data to code manually. Let us know if you're interested!

New project at National Jewish Health with Liza Kozora! Email Kim for more information.
