Internship Admissions, Support, and Initial Placement Data

Date Program Tables are updated: November 17, 2026

Program Disclosures

Does the program or institution require students, trainees, and/or staff (faculty) to comply with specific policies or practices related to the institution's affiliation or purpose? Such policies or practices may include, but are not limited to, admissions, hiring, retention policies, and/or requirements for completion that express mission and values?	_____ **Yes** __X___ **No**
If yes, provide website link (or content from brochure) where this specific information is presented:	

Internship Program Admissions

Briefly describe in narrative form important information to assist potential applicants in assessing their likely fit with your program. This description must be consistent with the program's policies on intern selection and practicum and academic preparation requirements:
for 800+ advanced practicum hours (at least some hours in a relevant site). Minimum requirements include 400 intervention hours, 30 assessment hours, 1 integrated assessment report, and a minimum 3 years in residency in your graduate program prior to internship. Some sites will require more assessment hours. Fit with the practitioner-scholar model is required. The doctoral paper/dissertation proposal must be accepted prior to applying. We are dedicated to social justice and training interns in culturally competent care. Our sites work with underserved communities and provide culturally competent care. Thus, we prefer applicants who demonstrate dedication to social justice initiatives in their training endeveavors. Applicants must show evidence of a desire to train with the site to which they are applying (not just a need to be in Denver). We also have preference for previous related experience in a site(s) similar to the Consortium site(s) to which you apply. We like to see evidence of good writing skills (professional, organized, articulate) without the use of AI as shown in the application materials. PLease provide only three recommendations, at least one from a professor or instructor and one from a clinical supervisor. We prefer candidates who are "recommended highly without any reservations."

Does the program require that applicants have received a minimum number of hours of the following at time of application? If Yes, indicate how many:			
Total Direct Contact Intervention Hours	**Yes**		Amount: 400
Total Direct Contact Assessment Hours	**Yes**		Amount: 30

Describe any other required minimum criteria used to screen applicants:
We prefer students who are flexible, team players, mature and open to feedback. Students who can speak a second language, have won special awards and honors and/or show apparent personality strengths are also preferred in the selection process.
